

In Transport & Logistics Business?

INCREASE YOUR BUSINESS VOLUME. LEARN HOW.

Asia-Pacific launch of the Kewill Dynamic Supply Chain Solution

*Shrinking profit margins and escalating costs?
Unexpected shipment delays and customs held-up?
Customer complaints of lack in updated information?*

The launch of the Kewill Dynamic Supply Chain Solution gives you an insight on how other transport & logistics businesses overcome these issues and above all, are winning repeated customers.

Hear from the experts on what transport & logistics companies, big or small are doing to win customers and learn how you can increase your business volume too.

Multinational Transport & Logistics Companies, Trinet Group (Japan, US and Singapore) and James J. Boyle Co. Ltd (US-based) have recently implemented the Kewill Dynamic Supply Chain.
